## Federal Government Operating Status in the Washington, DC, Area

RECEIVED  
SEP 29 2003  
TC 1700

*Posted: (September 17, 2003 6:50 PM)*

Federal agencies in the Washington, DC, area are CLOSED on Thursday September 18, 2003.

### **This Means . . .**

- Emergency employees are expected to report for work on time.

The information above will be updated **immediately** upon a determination that operating status of executive agencies located inside the Washington Capital Beltway is anything other than OPEN.

Be sure you  
are now reading  
the current copy  
of this page.

These procedures apply to employees (including employees telecommuting from an alternative worksite) in all executive agencies located inside the Washington Capital Beltway. These procedures do not apply to employees of the U.S. Postal Service, the government of the District of Columbia, or private sector entities, including contractors. Facilities outside the Beltway may prefer to develop their own plans, since they are subject to different weather and traffic conditions than those inside the Beltway. In unusual situations, however, the Office of Personnel Management (OPM) may issue guidelines affecting facilities outside the Beltway, as well. See the Emergency Closure or Dismissal Procedures for further information on the coverage of these advisories.
